

Quantumleap Practice Partners: What differentiate us?

- Personal attention with specific attention given to accuracy and the finer detail of billing and credit controlling, allowing the Dr the piece of mind that his Practices' administration is in good hands.
- Each practice will have a dedicated person attending to his accounts.
- Highly skilled staff coming with years of experience in healthcare and healthcare administration environment.
- Accuracy of billing and managing the full credit control cycle, closing all possible gaps in order to optimise income.
- In contact with Accountants and bankers if need be.
- Once a month meeting with the client in person, telephonically or via SKYPE to discuss the Practice financials.
- Discuss all relevant reports and change processes if need be.
- Will assist with updating of Authorizations if need be.
- Flexibility in terms of Software systems – The Dr will have more than one option to choose from.
- Assistance with setting up basic coding baskets.
- Customising of package fee (% charged is fairly calculated) Willing to negotiate a fixed fee per month depending on what the need is.
- Fair, flexible, affordable and transparent costing model in place.
- No charge on money that is collected in-rooms unlike other Bureau that charge for this.
- Assist in positioning correct rates in the specific demographic area.
- Know the market well and have extensive knowledge in all disciplines except for Radiology, Pathology, Maxillo's and Oncologists.
- Solid tried and tested practice management processes in place that have been proven to optimise income.
- Auditing of current practice processes in order to identify potential revenue leaks in the practice (at an additional charge if need be)
